All, here are some items to focus our discussion. These are not all inclusive, so if there are others make note and bring with you.
What time are we starting on Tuesday? Todd are you arriving Mon or Tuesday?

RI

Soil Data Gap areas
Residential well sampling—two new residents
Residential sampling—new resident
Ground water wells/investigation
Process area—buildings, sumps, water retention structures
Overall conceptual model of the subsurface—soils and potential water-bearing zones
Sediment/surface water—overall conceptual model—gaps? Further delineation?
Final documentation: FS screening, RI and risk document starts—FS screening and ARAs
memos can be started
Field timeframe—scheduling with CLP/Houston

RD

9 area delineation

Sample scheme for excavation area and potential areas outside of excavation

Refinement of volume and cost

Details on stabilization/solidification planning and field work

Field timeframe—scheduling with CLP/Houston

Draft report schedule and review time
